

ART

Spellbinding

Emmanuel Fremin Gallery announces the first solo show with acclaimed New York based fashion photographer and artist Aneta Bartos. Aneta was born in Tomaszow Mazowiecki, Poland and later emigrated to the United States where she attended The School of Visual Arts for photography. Her artistic talent and passion have helped to cultivate a very illustrious career in the Art and Fashion world. Aneta's works have been displayed through the pages of countless publications such as Big, Condé Nast Portfolios, Elle, British GQ, New York and Zoo Magazine. In 2007 she was chosen by Photo District News as their top choice for Emerging Photographers. She currently is the Photo Director for A4 Magazine.

Aneta's photographs captures how she views the world, in breathlessly haunting sequences of dreams. Her photographs are textured, grainy, soft focused glimpses into a timeless nostalgic trance and lulls the gazer into a seductive state; they are truly spellbinding. The bewitching models hushed seductiveness is displayed through an almost palpable whisper from the artist; Aneta implies that the illusions that we conjure into reality are a natural phenomenon producing symbols that are actualized.

The allure of her work is the way it conveys vulnerability, softness, mystery and romanticism in combination with the raw imagery.
